In the city named Zaklina, a couple explorers, who stayed in CBP Hotel. for six nights. They stayed there, because that hotel was the closest hotel to the nearby mountain named “MT Zaklina”. Mount Zaklina had a rumor of a magical treasure inside of a barrel at the very top.

Chapter 1 : The Plan

One sunny morning in 2018, a small group of friends, who were explorers. though they had a great skill, they were still as bored as a barnacle. They

visited a site where they booked a hotel near Mount Zaklina. A few months ago, when these friends were searching mountains for climbing on Google, when they read that there was a popular thing called the “Mount Zaklina Treasure Rumor” where they read that there was a treasure inside of a barrel at the very top. They were so curious of what could the treasure be in the barrel at the very top of the mountain. Then they began their journey.

Chapter 2 : The Magic Fairy

They were there, but sadly, the biggest snow storm in history of Zaklina was falling. They did not care at all. They just wanted the magical treasure. So they

started climbing. A reporter from News365 was filming, so soon they were popular. Even more popular than Mark Paul. Mark Paul was a famous actor who was in the every movie in 2017. When they were 200 feet high, they found a magical pot. They were so curious. So they finally opened the pot only to see a magical fairy. The magical fairy was semi transparent and said, “I wish you good luck and have fun!!!” in a ghostly voice before disappearing one second later.

Chapter 3 : The Thirst

Days had past. One wrong step, and they had to start all over. All of their water had ran out! They were so thirsty. They found a stove and some sticks. They

had a plan. They lit a fire with those sticks. It was snowing in Zaklina, so they melted the snow and got water. Not long after, everybody was hydrated again. Next they continued to climb the mountain and find the magical treasure. This was getting tiring, so they slept standing. They were too tired to be famous anymore. Soon, they forgot that 1+1=2. They only thing that they could remember is the magical treasure.

Chapter 4 : The Treasure

Finally, they saw the top. They were almost there. It was their best day in their lives! They opened the barrel. Inside was

the magical treasure. It was a gold bar from mars. CBP Hotel was famous because the group of friends stayed in that exact hotel. They were rich and lived happily ever after.
